

Schaumburg Bicycle Club "Club Rewards" 2009

The Schaumburg Bicycle Club is an active club with many opportunities for involvement, and it is important to reward members who participate in activities, both on the bicycle and off.

Points and Prizes

This program is a points-based system, and club members earn points by participating in any of the activities described below. The standard club sign-in sheet (or other acceptable identification at an event) will be required to verify participation at both rides and events, and leaders should submit the filled-out sheet to the president or database manager after the event. Periodic point updates will be provided to Club members. The program will run from January 1, 2009 through November 30, 2009. After the points are compiled, the winners will be recognized as follows:

- 1st place: \$50 Visa OR Mastercard gift card
- 2nd place: \$25 Visa OR Mastercard gift card
- 3rd place: \$10 Visa OR Mastercard gift card
- 4th-10th places: Schaumburg Bicycle Club water bottle

Definitions

Ride: An organized bicycle ride open to all club members and published to the Web site or to the group email list. A ride must be led by a current club member and attended by a minimum of 3 participants.

Ride leader: The person who organizes a ride, maintains the ride's sign-in sheet, and provides support and cue sheets.

Event: An event is a non-ride club gathering. Like a ride, an event must be posted and made open to all club members. 3 participants are required to qualify for points. Often, these are either social or volunteer activities. The monthly club meeting and the volunteer duties during the Spring Invitational are examples of events.

Guest: A guest is a person not yet a member of the SBC who participates in a ride or event.
